Are there any issues or concerns that your teacher should be made aware of in order to increase your chances of success in this course?

I'm consulting with a doctor to potentially get diagnosed for ADHD in May.

Currently, there is a major trend towards using technology in all aspects of our lives. We communicate, work, and play with technology all of the time.

Indicate some advantages of this trend, or how it has made life better.

Facilitated basic activities (laundry, cooking, cleaning)

Facilitated instant communication with peers

Introduced jobs that could never have existed without tech

Eliminated many deadly threats to your life (for the economically stable people)

Indicate some disadvantages of this trend, or how it has made life worse:

Destroyed some careers

Provided a distraction from reality, creating a slew of mental health problems

Capitalism takes advantage of technology to attempt to unhealthy squeeze money out of customers

If you could be known to have invented any computer electronic device in the world, which one would you want it to be and why?

LEDs, since it made displays much better and colourful, while also making light sources' efficiency much higher than before
